

## **Young#ER call for student contributors**

*SER Europe is assembling a small team of community minded students, to identify ER related career enhancing opportunities through its communications channels.*

### **What we ask**

- *To identify and collect ER related career enhancing opportunities*
- *Opportunities are expected to include*
  - *Employment*
  - *Internships*
  - *Professional training*
  - *Voluntary positions*
  - *Job fairs, marketplaces or other*
  - *Database of environmental jobs website platforms*
- *that can be easily made available through SERE channels*
  - *website,*
  - *and twitter.*

### **What we offer**

- *Remuneration will be 3000 € in total. Payment mechanism to be agreed depending on candidate.*
- *This activity is a funded project for a period lasting to SERE 2022 Conference to be held 5-9 September.*
- *Visibility through our webpage. An easy to use mechanism will be implemented for quick and simple updating of the ER Career Board.*

### **Who can apply**

- *Students or early carrier scientists/practitioners related to ecological restoration (ecology, environmental sciences, communication or media, economy, sociology, etc.)*
- *Individual or group applications are also possible*
- *Advantage is given to groups of students representing various fields related to ER that jointly apply.*

### **How to apply**

*If you are interested, please contact us by email at [info -at- ser-europe.org](mailto:info@ser-europe.org) attaching a copy of candidates' Curriculum Vitae, a profile of the student group (if the group is already ongoing) and saying why this opportunity interests you **by January 10**.*

*Candidates will be shortlisted and interviewed during January 2022, with the project starting in February 2022.*
